

CHILD SAFE ENVIRONMENT POLICY

All children who come to GGLAC have a right to feel and be safe. We are committed to the safety and well-being of all children accessing our services and the welfare of the children in our care will always be our first priority. We aim to create a child safe and child friendly environment where all children are valued and feel safe.

GGLAC has an appointed Child Safety Officer (CSO) who has completed the relevant training provided by the Office of Recreation and Sport. The role of the CSO is to deliver advice and awareness within the centre around developing a child safe environment. For this reason the CSO is the first point of contact to provide advice and support to children, parents, employees and volunteers regarding the safety and well-being of children in the centre.

The association also has a Member Protection Information Officer (MPIO). The MPIO's play an important role in sport. They provide information and guidance on complaints procedures and can be contacted if you want to discuss potential problems (including child protection concerns) at the centre/association, particularly if you are considering making a formal complaint (please see complaints and grievance policy).
